

# EAST PENN YOUTH WRESTLING LEAGUE- ADDENDA 1 TO THE BY-LAWS

## SEEDING PROCEDURE

Seeding points will be awarded toward all league tournaments for each of the designated match results as follows:

Win by fall, default or disqualification	+ 6.25
Win by forfeit or bye	+ 6.00
Win by technical fall (15 or more points)	+ 5.75
Win by major decision (8 to 14 points)	+ 5.50
Win by decision (less than 8 points)	+ 5.00
Loss (by any means)	+ 0.50

In cases where two boys end up with the same total of seeding points, the following considerations will be taken until the tie is broken:

1. One boy's record against the other in the designated matches. The boy who defeated the other will be seeded higher.
2. The boy who PHYSICALLY WRESTLED more designated matches will be seeded higher.
3. Flip-of-a-coin.

**NOTE:** A forfeit or a bye is NOT a physically wrestled match when used to break ties.

**NOTE:** In all other instances forfeits and byes are considered for seeding, weight class rules and Varsity - JV eligibility.

## SEEDING MEETING

The division statisticians will attempt to consolidate the seed points from their divisions into two master league charts, one for Varsity and one for Junior Varsity, sorted by weight class. Strict adherence of by-law rule 11E is the only possible way to achieve this goal. Violation of 11E will result in an assessment as designated in Addenda 2. Even under full compliance there is no guarantee that all the necessary work will be completed prior to the seeding meeting, therefore each team should be prepared for a long evening of writing names and breaking ties. Bracket charts will not be filled out at the seeding meeting because of the high attrition rate that the league experiences in some weight classes.
